

To Whom It May Concern,

I am requesting a waiver of the E-rate rule that requires form 486 be submitted no less than 120 days after the date of the funding commitment decision letter.

Facts in this situation:

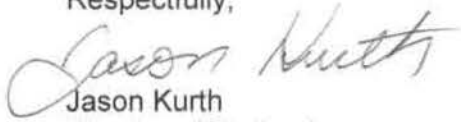

Our district (Southeast Polk Community School District) received a funding commitment decision letter for funding year 2013 on February 26, 2014. A staff member in our district who was new to the E-rate process did not realize that form 486 was required to be filed no less than 120 days after February 26, 2014.

Due to the lack of timely E-rate filing, the staff member who was originally given responsibility for filing forms 472 and 486 was relieved of these duties and I was assigned to take over all E-rate filings. I discovered on Tuesday, September 16, 2014, that the district had not submitted the required 486 form in regards to this funding commitment. I promptly filed the form 486. However, due to missing the 120-day deadline, USAC determined that the funding would only be allowed for the time period of 5/19/14 - 6/30/14.

Request for waiver:

The Southeast Polk Community School Districts respectfully requests a waiver of E-rate so we can be funded the entire year for all of our vendors for the 2013 E-rate year.

Respectfully,

Jason Kurth
Director of Technology
